Pope Benedict Exonerates Jews for Jesus' Death in New Book

"Pope Benedict XVI has made a sweeping exoneration of the Jewish people for the death of Jesus Christ, tackling one of the most controversial issues in Christianity in a new book." – *In other words, the Pope is now suggesting the Bible is a lie. Did not the Jews move the crowd to shout "crucify Him" that day? And did they not tell Pilate that Christ's blood was to be upon them and their children in Matthew 27:25? The Pope has once again been caught in a bold faced lie. But then, that is to be expected of he who is of his father the devil. But, why is he doing this right now you might ask? For years now it has been repeatedly mention by this ministry that prophecy declares Rome will step in to help Israel when they need it the most because they crave the land they stand on. Now that we see Egypt, the last friend Israel had in the region fall to revolutionaries that hate Israel, and Obama, a Muslim is in control of the only country that played the part of a friend over the years, Israel is all alone and quite surrounded at present. In other words, the timing of the Pope's declaration is quite suspicious to say the least. Better yet, it looks downright obvious if you ask me.* Mar 03 11, 12:03:22

TSA To Body-Scan Pedestrians, Train Passengers?

"Giving Transportation Security Administration agents a peek under your clothes may soon be a practice that goes well beyond airport checkpoints. Newly uncovered documents show that as early as 2006, the Department of Homeland Security has been planning pilot programs to deploy mobile scanning units that can be set up at public events and in train stations, along with mobile x-ray vans capable of scanning pedestrians on city streets." – *Is this not what I've been saying they would do eventually? And to think they had plans to do just that back in 2006 without us knowing? It's bad enough our privacy is being invaded in immoral ways, if they allow this to transpire, we will be subject to harmful X-rays in many areas on a daily basis, and often without even knowing it! One unjust law after another is being pushed forward just as prophecy predicted long ago.* Mar 03 11, 12:03:21

Ten Commandments Targeted for Banishment

"School officials in a Virginia district have decided that students are not allowed to post copies of the Ten Commandments on their lockers, even though they are allowed to have other types of messages, including "expressions of school spirit, support of activities, birthday well wishes, social causes, and so on." – *Does this seem odd? Not if you go here (<http://www.remnantofgod.org/archivedhomeschoolspurs.htm>) and see how widespread anti-Christian activity like this is flourishing in government schooling today. To think, speaking of Christ or His Law as considered bad, but homosexuality, Hollywood movies, sports and other strange acts are acceptable in schools? Par for the course for these last days. This is why it is LAW for your children to attend school. Satan needs to cultivate an army of spiritual drones.* Mar 03 11, 12:03:21

Debuting in Sacramento, the Wal-Mart of Weed

"The 10,000-square-foot weGrow store, which opens Saturday at 1537 Fulton Ave., is the first national franchise for a company that bills itself as a supply and training destination for legal pot growers." – *Some thought this day would never come. But prophecy did say the pleasures of the flesh would rule in the end days. What I love the most about all the articles I am blessed to post is that THEY PROVE Christian prophecy is the only true prophecy in all the Universe mankind can actually trust to be 100% accurate!* Mar 03 11, 12:03:21

Pakistan Gunmen Kill Christian Politician

"Gunmen shot and killed Pakistan's government minister for religious minorities on Wednesday, the latest attack on a high-profile Pakistani figure threatened by Islamist militants for urging reform of harsh blasphemy laws that impose the death penalty for insulting Islam. The killing of Shahbaz Bhatti, a member of Pakistan's Christian community, was another major blow to Pakistan's besieged liberals, who say the attacks are a symptom of an increasingly radicalized Muslim-majority public." – *Amazing how fearful the Muslim people are. A mere insult forces them to lash out in the exact same murderous way as Rome during the Inquisitions when someone proved Transubstantiation was a lie of Satan. Yes, they may think they have won as did Rome in her day. But as history proves, the Christians not only survived, they grew in such numbers Rome was overwhelmed. Better yet, in our day the Lord Himself will come to put an end to their actions as well as their lives. It is here our God shines the most. Still, the love of the Christian heart still moves us to pray, may God have mercy on their souls.* Mar 02 11, 01:03:43

With Russia's \$650 Billion Rearmament Plan, the Bear Sharpens its Teeth

"The graying bear is getting a make-over. Russia's military is launching its biggest rearmament effort since Soviet times, including a \$650 billion program to procure 1,000 new helicopters, 600 combat planes, 100 warships, and 8 nuclear-powered

ballistic missile submarines.” – *As bankrupt as Russia is, when Muslims walk up with billions in cash to spend it's a no-brainer to deduce Russian leaders will be going for cash. Truth is, this isn't the first time Russia has sold armament to Muslims to get out of financial trouble. See prophecy #9 in my book "People Get Ready" for the facts on this. One can only imagine how much nuclear power the Muslims have right now. Rest assured, for now, they are all aimed at Israel. Satan must keep the turmoil going in that region so all the world keeps their focus away from the real biblical Israel that is being persecuted daily right under their noses.* Mar 02 11, 01:03:43

Facebook to Share Your Phone Number, Address

“Facebook is the slowly-warming pot of water and we, my friends, are the frog. By the time we noticed our peeling skin, another hunk of our privacy is long gone.” – *I seriously hope and pray all Christians along with their children get off Facebook immediately. After all, is your family's welfare important to you? If so, you need to do the right thing. Many won't understand the urgency of that statement until they are being tracked by Rome when they enforce the mark of the beast. Oh if only all of God's people would study His prophetic Word in these last days.* :(Mar 02 11, 01:03:43

Now Government Wants to Control Tidiness of Churches

“It was several years ago that the foundations of the problem were set in place, when Concord, N.H., officials decided that if the church used its building to house the homeless and meet missionaries' needs, it would no longer be a church because those weren't “religious” purposes.” – *This is what we've been trying to warn people about for decades. If your pastor is moved by money enough to get a 501C3, then he is not only gagged on the pulpit from preaching prophecy or condemning homosexuality, and your tries to help the homeless or needy in your area by housing them or feeding them, the government can literally force you to stop. When the 501C3 is taken away, the pastor knows his money is in jeopardy. So, he bows to that money and chooses to comply. Still, this begs the question, why would they want churches to stop helping the needy in the first place? The simple reality of all this is, welfare, or “food stamps” as most know it as, is the governments #1 way to control the masses. They can dangle food and shelter before the masses and the people are forced into compliance. However, if the churches help them, the powers that be won't be able to force them to accept the mark of the beast when that day comes. So this “fear of Rome” upon the pastors must become very real and well rooted into their churches. After all, if only 1% of the churches are helping the needy when the buy and sell prophecy comes to fruition, that's 3 million people in the USA alone that the government will have a hard time forcing into Rome's prophesied control. So, they nip it in the bud before that day comes.* Mar 01 11, 02:03:00

Obama to face Shariah court?

“President Obama must embrace Islam as a way of life or face the consequences of a trial under the Shariah Islamic court system, declared British extremist cleric Anjem Choudary.” – *As it states in the Koran, it's permissible for a Muslim to pretend to be a Christian to benefit Islam. But as this Muslim is demanding, there comes a time when the charade must end so as to bring about the Islamic benefit. This Muslim cleric knows Obama is a Muslim playing a part for Islam and if he doesn't “embrace Islam” soon he will be brought before an Islamic court system to answer for it when they have that power. Just so you know, that's what I believe is being said on the surface here while at the same time proclaiming the Muslims be freed from Gitmo. That is the smokescreen even here, is it not? Any pro-Islamic movement in D.C. on this will of course advance the agenda of Islam further, and that's their intention. This is why this cleric believes the flag of Islam will fly overt the White house. Keep in mind, talk like this was never an issue in politics until Obama took office. What actually happens now behind closed doors is any man's guess. But it is becoming obvious, they will proclaim a “compromise” soon to appease their friends. The fact Farrakhan is predicting Muslim riots in the USA suggests they are further along in their plans than some realize. Yes, I understand that Farrakhan is all about propoganda, and is not very trustworthy, still, this is something to watch. Prophecy did say it would get crazy in our day, and that day has come and gone. Soon, it will be literally insane. Bottom line is, this is just one more reason to get out of the cities.* Mar 01 11, 02:03:00

Vatican Confirms Report of Sexual Abuse and Rape

“Most of the abuse has occurred in Africa, where priests vowed to celibacy, who previously sought out prostitutes, have preyed on nuns to avoid contracting the Aids virus.” – *What all of us have learned about the Roman Catholic church is, they lie. They lie a lot in fact. That being the case, one can only imagine how bad it truly is when they admit priests in 23 countries are guilty of rape. Prophecy declared this church would be a giant in the area of sinful decadence, to the point that even a little child can declare it is in fact just that. Want to see just how accurate prophecy is when it comes to the sexual degradation of this church?* Feb 28 11, 01:02:08

North Korea threatens to fire at South Korea

“North Korea's military threatened Sunday to fire at South Korea, as Seoul prepared to start annual joint drills with U.S. troops - maneuvers Pyongyang says are a rehearsal for an invasion.” – *Is it not obvious? North Korea won't bow to Rome. Rome needs a Constitution in North Korea that will allow for Sunday Laws, so South Korea is coaxed by the USA to not only drop leaflets in N.Korea that suggest rioting, they are now rehearsing for war with U.S. troops. Rome will do as prophecy said. But now that she is flexing her muscles in this area, will we now see N.Korea respond with Nukes as they promised some time ago? Time will tell. All this unrest Rome is fueling is bound to set at least one powder keg off. No, I am not predicting this at all, nor do I hope this happens. But knowing how governments crave a crisis to build unjust laws on, it doesn't look good. Even if they don't start a war, it is still as prophesied, a “rumor” of war is it not?* Feb 27 11, 01:02:04

EDITORIAL: President Abandons Marriage

“The Obama administration announced yesterday that it will not defend the constitutionality of the Defense of Marriage Act (DOMA). This is the next step of President Obama's strategy to force the radical homosexual agenda on America against the will of the people and Congress.” – *What many fail to realize is, the Congress, if they so chose to do so, can defend this law in Court without the President. How is this a problem? Laws can be passed without the President's support. For example: When Sunday Laws are demanded by the 501C3 government pastors as a way to quench the loud cry we the remnant preach that empties their pews, Congress can enforce the Law. In fact, Sunday Laws would be a slam dunk because of what John F. Kennedy's administration did with, Blue Laws and how they made them appear constitutional. Therefore, with or without the president or the U.S. Constitution, Rome can get their Sunday Laws in the USA just as prophecy said they would. If they fail to change the Constitution, or they fail to get the President in line, they can always build on what Kennedy did for them back in 1962.*

In other words, as prophesied IT WILL happen. (Visit here <http://www.remnantofgod.org/sabatak.htm> for more articles proving Sunday Laws are imminent.) Feb 25 11, 01:02:50

Radicals Bringing Campaign for Shariah to White House

“Three British Islamic activists are planning a pro-Shariah law rally in front of the White House next week, arguing that it is the solution for all of America’s problems. The March called Shariah-4-America will call on American Muslims to advocate Shariah law, and for Americans to run the country’s business by Shariah.” – *The only reason the Muslims feel they can partake in such a rally is because Obama is a Muslim that is in their corner. Will we see Shariah in America? Prophecy does say those that refuse the mark of the Vatican will loose their heads. We do have many guillotines on U.S. soil right now. Truth is, only in Shariah Law do we see such a death sentence wherein be-heading is the norm. So this is indeed something to watch! Especially now since the media is keeping their focus on the Middle East. Many a law has been slipped under the door when the masses were busy looking the other way.* Feb 25 11, 01:02:24

S. Korea Leaflets Fell North of Egypt, but Change Unlikely

“South Korea’s military has been dropping leaflets into North Korea about democracy protests in Egypt, a legislator said on Friday, but doubts lingered it would trigger calls for change in the tightly controlled country.” – *In other words, South Korea is trying to get North Korea to riot so as to take down the government. However, have you noticed? The only countries that are rioting are those that refuse to bow to the Pope. In Europe it was rather easy to get the Antichrist’s agenda met by manipulating the creation process of their new constitution. All the national leaders in that area have already bowed in worship to the pope as prophecy predicted. But most Middle Eastern nations refused. (Except Pakistan of course) So, the only way to get them to bow is to install leaders that have already bowed to the Pope into power. But you first need to remove the old ones. Hence, the rioting in the streets. For Rome to have the ability to manipulate all these nations like this suggests Rome’s wound HAS HEALED! Once those nations form their new constitutions according to Vatican demands, we will see the prophecy fulfilled!* Feb 25 11, 01:02:24

Obama’s Mystery Links to Gadhafi Uncovered

“As pressure mounts on the White House to intervene to stop Moammar Gadhafi’s bloody crackdown in Libya, many commentators have been wondering why Barack Obama has been cautious in his criticism of the dictator after the U.S. president so fervently supported the removal from office of U.S. ally Hosni Mubarak of Egypt. But Gadhafi has been tied to Rev. Jeremiah Wright, Obama’s spiritual adviser for more than 23 years.” – *Rather obvious don’t you think? In any event, this is something to watch. Will Obama demand Moammar Gadhafi step down as he did Hosni Mubarak? Not unless Gadhafi and him have a private meeting asking Gadhafi to play the part of a loser for an untold sum of gratuity. Yes, this is indeed something to watch.* Feb 24 11, 01:02:31

Vatican Declares Gov. Should be Denied Communion

“Edward Peters told CNS News that Cuomo, who supports abortion and gay marriage, should be denied Communion if he tries to take the sacrament again “as long as he persists in such conduct.” – *First off, the communion of Rome is demonic. (Here’s proof: <http://www.remnantofgod.org/transubstantiation.htm>) Secondly, if he is denied communion, what about the Popes of Rome that have murdered 500,000,000 Christians, committed adultery, incest, simony, perjury, immorality, magic, fathered illegitimate children, had many concubines, partook in orgies, embraced astrology, helped Hitler, and sold cyanide to Hitler to kill the Jews? Or what of the present pope that helped dozens of child rapists avoid prosecution? Why do they receive communion? (Visit here <http://www.remnantofgod.org/nl0409.htm> for the facts regarding the “unholy fathers of Rome”)* Feb 24 11, 01:02:31

President Obama and Prime Minister Harper of Canada on Regulatory Cooperation

“President Barack Obama and Prime Minister Stephen Harper have directed the creation of a United States-Canada Regulatory Cooperation Council (RCC), composed of senior regulatory, trade, and foreign affairs officials from both governments.” – *This ministry as well as many others that understand prophecy have been warning people for decades this was their plans. Now, they’re doing it exactly as our Lord predicted. Soon the border between our 2 countries will be totally erased and the New World Order will be set in place.* Feb 23 11, 02:02:36

FBI: Muslim Brotherhood deeply rooted inside U.S.

“As the Muslim Brotherhood threatens to effectively replace Egypt’s secular, pro-Western regime, the tentacles of its worldwide jihadist movement have reached deep into the Muslim community in America. Shockingly, federal court documents reveal that virtually every major Muslim organization in America is a front group for the Brotherhood. They also show that its U.S. network has raised millions of dollars for Hamas, al-Qaida and other terrorist groups.” – *With Obama being a Muslim inside the oval office, is it any wonder we see such escalated movements of the Muslim brotherhood in the Middle East? Now it appears this same violent anti-Christian group is on U.S. soil? Thinking out loud... what if this is planned? Rome has Obama assassinated so as to fuel a major revolt by the Muslim brotherhood right here in America that is also joined with many Obama supporters. Will we see a need in our nation to activate the 600+ prison camps in America and declare martial law? Stranger things have happened.* Feb 22 11, 02:02:14

Christians Asked to Bow in Submission to Allah

“On Friday, famed Egyptian theologian Yusuf al-Qaradawi, a spiritual leader to the Muslim Brotherhood who hosts a popular Islam-themed television show on Al Jazeera, led the Islamic prayer services in Cairo’s Tahrir Square, the epicenter of Egypt’s uprising. While he repeatedly offered nods to Egypt’s Coptic Christians, unmentioned in most news media accounts of the ceremony was that Qaradawi asked all in attendance, specifically singling out Christians, to bow in Islamic prayer.” – *Now do you see why Obama fueled this coup, and why Obama and the Vatican worked together with Islam, and why some American churches are preaching Allah is God and why some Christian churches allow Muslims to worship in there buildings, why the SDA church is having students bow to Allah in Muslim Mosques, and why some SDA preachers are declaring Allah is God and the Koran holds Christian fruits?* Feb 21 11, 01:02:56

The Bible’s Surprisingly Mixed Messages on Sexuality

“We often hears that Christians have no choice but to regard homosexuality as a sin that Scripture simply demands it. As a Bible scholar and pastor myself, I say that Scripture does no such thing.” – *First off, that is a bold faced lie. The Bible plainly declares homosexuality to be sin.*

CONTINUED FROM PAGE 3

It's amazing how the wicked declare adultery and fornication to be sin, but not homosexuality? Secondly, a woman can not be a pastor. (See 1Tim. 3:2) Therefore her claims here are biblically invalid. Her acting the part of "scholar" today is not believable either as the Bible colleges have been corrupted by Rome for decades. But as far as homosexuality goes, no getting around the many Old and New Testament Scriptures that declare it to be sin. What they always forget is how God destroyed Sodom and Gomorrah for their homosexual sins. Plus, in the article she attempts to use old Jewish fables about Adam's sexuality. She then uses that fable as if it is inspired Scripture. Some will trust her because they don't read Bibles. Truth is, all this woman is doing is trying to get Christians on her side of the fence because the truth we preach regarding sin isn't going away quick enough for Satan, who knows his time is running out. Homosexuality is the greatest insult to God who created man in His image. Satan knows this, and thrives on this. So of course, the ear tickling preachers will preach lies. Feb 21 11, 01:02:27

Obama's Anti-Israel Agenda

"President Obama is siding with Israel's enemies. He is slowly fracturing America's long-standing alliance with the Jewish state and leaving it isolated on the world stage." – So, what's happened so far? Egypt's government fell, leaving Israel friendless in that region. Then many Muslims nations surrounding Israel riot to get their constitutions to change to pro-Islam in nature. Then Obama, who fueled the Egyptian coup, backs off on Israel leaving them mostly friendless in the world. I wonder when the pope's going to step up with open arms to save the day in Israel? Whether he does it behind closed doors, or in the media won't matter. As prophesied, the conditions he demands be met regarding his friendship will be very "capital" in control to say the least. Feb 20 11, 01:02:26

University Defines Christians as 'Oppressors'

"The statement singles out Christians for discrimination by stating, "In the United States, this is institutionalized oppressions toward those who are not Christian." – Now that's just plain laughable! Worse yet, it is nothing more than a bold faced lie. How can this University make such an imbecilic claim when all Schools teach things that go directly against Christianity that purposely persecute any and all Christians that try to speak out against it. Everything from evolution to homosexuality proves it is the Christians that are oppressed in all the schools and not the opposite. What's truly unsettling here is, these are the types of narrow minds that are actually teaching our children!?" Feb 18 2011, 13:47:26

Catholics Rethink Celibacy Rule

"Shrinking parishes, a dwindling number of clergy and the taint from the Catholic Church's sex-abuse scandal are prompting calls in parts of Europe for church leaders to re-examine some of the institution's basic policies. More than 140 Catholic theologians from Germany, Austria and Switzerland this month published an open declaration to the church, urging officials to phase out the celibacy requirement for priests and implement other drastic reforms, such as ordaining women, allowing divorce and recognizing same-sex couples." – Amazing! For eons they state celibacy is biblical and when their pews start to empty they suddenly see a need to dump the doctrine? Notice this if you will... Rome has always declared the popes were infallible. They have also declared since their inception that each of their doctrines are found in Scripture. (they lie of course) Yet, pope after pope has submitted in writing that previous popes were wrong in dogmatic statements. First off, that act alone proves lied about infallibility, and secondly, for theologians to suggest a change in church doctrines is necessary proves their doctrines are in fact changeable via the whims of man and not by God. After all, is it not written in Malachi 3:6 "For I am the LORD, I change not..." That being the case, the fact Rome constantly adds and removes doctrines openly declares them to be the prophesied church of Antichrist and not the church of Jesus Christ. If their doctrines can change, and they have many times, then their doctrines are of demons and their traditions are of men just as Scripture declared they would be long ago. Feb 18 2011, 13:47:26

Medvedev, Pope to Discuss Religious Ties in Vatican

"Russian President Dmitry Medvedev will meet with Pope Benedict XVI for the first time on Thursday to discuss bilateral and religious ties, his aide Sergei Prikhodko said. The sides will discuss global affairs and cooperation within the framework of various international organizations. The aide to the Russian president also said the president and the Pontiff will discuss dialog between the Russian Orthodox and Roman Catholic churches." – First of all, what business does a church have in meddling in global affairs? Well, none actually, but this is no ordinary church. It's the prophecies woman on a beast that will gather all nations under her thumb. Meeting with Russian politicians and religious leaders is necessary if Rome wants to convey their requirements regarding "cooperation" with the Pope's global plans to enforce a mark. Feb 17 2011, 12:22:45

World Bank: Food Prices at "Dangerous Levels"

"The bank released a report Tuesday that said global food prices have jumped 29 percent in the past year, and are just 3 percent below the all-time peak hit in 2008. Bank President Robert Zoellick said the rising prices have hit people hardest in the developing world because they spend as much as half their income on food." – All the floods, droughts, and strange weather during the last 6 months alone are taking their toll on the weaker countries when it comes to food imports. Soon they will be forced to beg for help, and those able to give will do so "with certain conditions" that will drive them into both slavery as well as total dependence upon both the government and those lending assistance. In other words, perfect conditions for Roman control. Feb 16 2011, 14:02:15

This Could Threaten the Future of Food Destroying the Entire Food Chain

"Roundup, Monsanto's glyphosate-based herbicide, is causing Sudden Death Syndrome (SDS), a serious plant disease, in many fields. Study after study shows that glyphosate is contributing not only to the huge increase in SDS, but also to the outbreak of numerous other diseases." – Now do you see why the Clinton's stockpiled literally tons of dry goods a few years ago as well as invested in a global seed bank in Norway? When they destroy the food market they can ration their food out and made trillions! What they fail to contemplate is the Lord has already promised His people that their bread and waters shall be supplied. Bottom line is, if you're not a Christian, you're in for a rough ride if the Lord allows this to go down in your lifetime! Feb 9 2011, 12:57:48

State Plan to Control Job Market

"If the government has its way, private companies will no longer be able to hire employees without first considering people listed on a government database of unemployed South Africans. Failure to do so could result in heavy fines for companies." – Why do this? Common sense actually. When they get all the companies to comply to their method of controlling the job market, within a short period of time,

absolutely every able bodied worker will be on the government's list. As we know the African Union was just formed recently with a devout Roman Catholic dictator at the head. When the mark of the beast is enforced, every worker on that list that denies the Roman mandate of Sunday laws will be immediately unemployed as prophesied. This type of control is a must if they are to enforce that mark. For those of us in America that wonder if they are in such a list. Yes you are. It's called Social Security. Is Easter Pagan?

Dear Subscribers, as we know, Easter is about to arrive in most of the Christian churches here in America and around the world. But is Easter a Christian Holiday? On the web site I have a page that goes into great detail, point by point regarding this topic. If you want an in depth look at this, just type in <http://www.remnantofgod.org/easter.htm> in your browser when you get time. There is quite a lot of info there to take in on that page, and I wouldn't expect anyone to cover all of it when sharing this truth with those the Lord sends your way. However, we can share a few significant points regarding Easter that usually spark an interest in some hearts that eventually cause them to look into the topic a bit deeper later on. So, if you get the chance, try sharing this.

If Easter was about the death and resurrection of Jesus Christ as most churches proclaim, why does the date of Easter change each and every year? Wouldn't the date of Christ's death and resurrection be fixed in time like any other historic event since human history began?

There is a compelling reason why the date of Easter changes: As we know, Pagans worship the Sun the moon and the stars. In this worship they have many specific dates for each of their worship celebrations. When we look at how they worship the moon for example we discover why Easter has a new date every year. Easter, or "Astarte" as most modern Pagans call their "Queen of Heaven" and Scripture calls "Ashtaroth," was proclaimed to be the wife of the Babylonian god Baal. The name Ashtaroth is also why the Vatican declares "Ash Wednesday" starts their Lenten season that officially ends on Easter. This same goddess was also considered to be the goddess of fertility. Therefore, when the earth was coming out of it's Winter "death" season, it stepped into it's "fertile" Spring season. Pagans used the Spring Equinox of the Moon to signify the celebration of their fertility goddess Ashtaroth on this date. And yes, this evil activity anger the Lord God of creation.

Judges 2:11,13, "And the children of Israel did evil in the sight of the LORD, and served Baalim: And they forsook the LORD, and served Baal and Ashtaroth."

But how do they come up with a different date every year? Pope John Paul II actually clears that up for us quite nicely in a statement he made back in April of 2004...

"John Paul II again proposed that... Easter, the central feast of the Christian calendar, is movable, as it is observed on the first Sunday after the full moon of the spring equinox, - VATICAN CITY, APRIL 11, 2004 (Zenit.org).- article #ZE04041105

In other words, Easter has absolutely nothing to do with the death and resurrection of Jesus Christ our Lord, and everything to do with the Pagan celebration and worship of the moon goddess Ashtaroth!

One other point that may drive it home ever further with those you're sharing this with is the fertility factor of Easter. Not only did the Pagan have sexual games this time of year, which many teenagers have been emulating with what's called "Spring Break" in Florida each year, which is also televised now on MTV by the way; Pagans also placed many objects about their homes during this time of year that symbolize fertility. I'm sure many of you have already guessed what these objects are. That's right, the Easter bunny and the Easter egg are also symbols of fertility. On the link I shared earlier I go into far more detail regarding the bunny and the egg as well as dozens of other symbols if you need to share documented facts regarding their symbology.

So, with that being said, I hope and pray you look into the "Easter" holiday very carefully this year before hopping right into it as if it is safe to do so. After all, did our God not warn us long ago in 1 Kings 18:21, "How long halt ye between two opinions? if the LORD be God, follow him: but if Baal, then follow him..."

God Bless, Pastor Nicholas

For Your Health Recipe

Great Vegan Hamburger Helper

- * 1 1/2 cups of plain soy milk
- * 1/3 cup of soy sauce
- * 1 1/2 cup of nutritional yeast
- * 1 tablespoon paprika
- * 1 tablespoon garlic minced or powder
- * 1 tablespoon of sea salt
- * 1/4 block of extra firm (not silken) tofu
- * 1/2 cup of flax seed margin
- * 1/2 cup of olive oil
- * 1 pound of small pasta shells
- * 9 x 11 baking pan
- * 1 dollop of mustard (optional)
- * 1/2 a package of morning star or boca ground vegan meat

Pre-heat oven to 350 degrees Fahrenheit. Boil water in a big pot for the pasta. Put ground vegan meat in a pan and heat till cooked put aside once done. All of the ingredients sans pasta and meat can easily go in a blender liquid and powdered this is by far the easiest way and the only way I do it. Once pasta is cooked drain and put it in the baking pan pour the cheese sauce and add meat over the pasta. Stir the mixture in the pan till blended. Bake until the top of the pasta looks slightly browned and crispy about 15 minutes but not to crispy because that is just gross.
